

Student Proposal for Scientific Review

Once you and your mentor have solidified your research proposal idea, submit this form to the Scientific Review Committee (SRC) Liaison (Veronica Rydze, vrydze@ncnm.edu). Please type your answers in the boxes provided, the box size will expand as you type. Once the SRC has received your proposal, you and your mentor will be contacted to set up a meeting to discuss your design and address any potential concerns. ***Your study design should be approved by SRC prior to completing your thesis proposal.***
